

SURNAME SIGN UP

Would you like to be able to contact others searching the same surnames and share information?

In 2016, The Cedar Rapids Area Genealogy Library has started an alphabetical surname list that will be available to all patrons of our library.

A printout of surnames and contact information will be done periodically and located at the desk. However, the most current list will always be on the computer! Please ask the volunteer for assistance.

When registering surnames, you agree to be contacted by others researching the same surname.

If you are interested in adding the names you are researching to the surname list, please fill out the form below and hand it to the Library volunteer on duty.

Please PRINT legibly
